6. BLACK FABRIC LINING TO PROTECT THE CASE ITSELF AND PREVENT THE CLEANING SUPPLIES FROM LEAKING IN CASE OF AN ACCIDENT

This practical, modern kit is designed to help care for and maintain the leather of Prestige saddles. The Prestige Leather Care Kit includes Prestigebrand saddle soap, conditioning oil and balm. These high-quality products help keep leather in excellent condition and protect it from wear and tear. The kit also includes three sponges to facilitate the proper application of the products. The Prestige Leather Care Kit was created for anyone who wants to get to know our products better, or just take good care of their saddle with specially-made products that have been designed for the types of leather used on Prestige saddles. This is why Prestige Italia is offering this free kit to all new customers who purchase a Prestige saddle. To get your kit, all you have to do is register your guarantee on the website as proof of purchase. This Leather Care Kit case is in R-PET, a green, environmentally sustainable product that arises from a production process based on recycled plastic using innovative, biodegradable or compostable materials. Moreover, in addition to being an ecofriendly product, the case can be reused for different purposes if desired, giving it a new life with an eye towards a more sustainable approach.
